

A TRANSPORTER RANGE

BJT BRIAN JAMES TRAILERS

A TRANSPORTER

A TRANSPORTER DESIGNED FOR PERFORMANCE

The **A Transporter** range represents the ultimate evolution in trailer design. With a strong, durable galvanised chassis, low bed height and a range topping 3000kg gross capacity. A Transporter trailers are perfectly suited for vehicle recovery, professional transport and motorsport alike.

A Transporter trailers are available with load bed lengths from 2.70m to 5.00m, in single or twin axle variants. All feature internally stored 'easy glide' ramps and a flush fitting centre deck.

Low chassis design for safe and stable towing

A Transporter

High specification as standard

● **Rear stands with foot pedal action**
Designed to compliment the 'easy glide' out ramps these spring loaded, foot operated support stands can be lowered or raised in seconds. Rear stands provide the dual function of load support when engaged and locking the ramps safely in position when towing.

○ **Wheel chocks, Professional**
Fully adjustable, quick release wheel chock system engages directly into the trailer chassis within seconds.

○ **Tie-down wheel 'sleeve' straps**
Approved by car manufacturers and race teams alike, these new straps hold the vehicle safely and securely without straining suspension geometry. Easy to fit, with multiple built-in tie-down points.

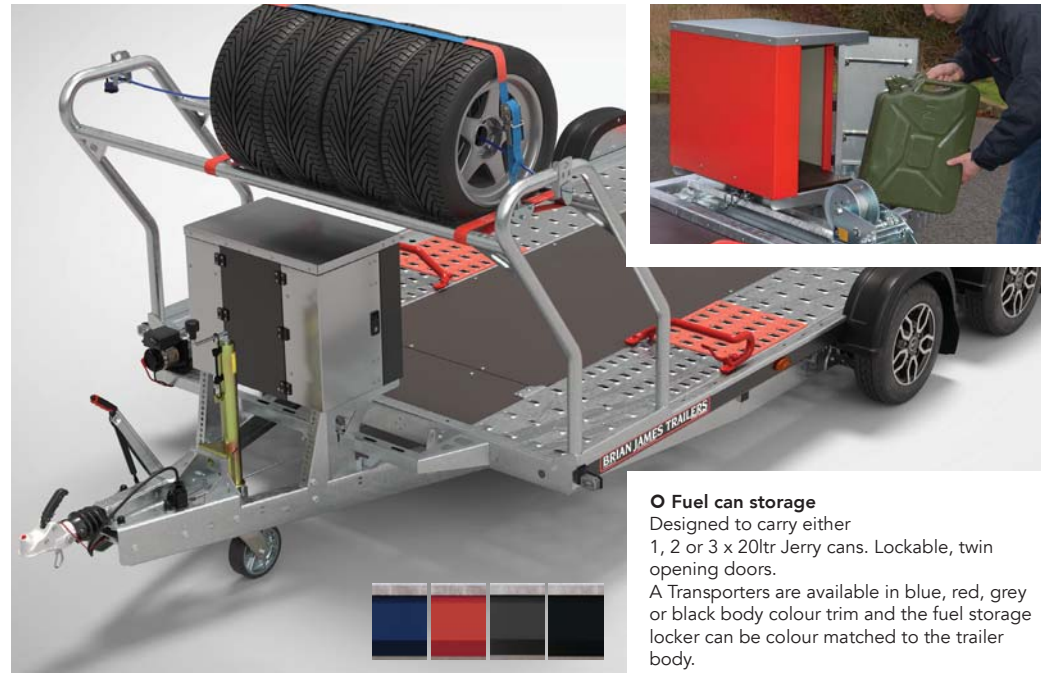

● **Easy glide, high grip ramps**
1.90m (single axle models) and 2.40m (twin axle models) punched ramps pull out from the trailer bed in seconds.

'Easy-glide' rollers ensure the operation requires little effort.

○ Manual winch, load pressure auto braked, + 6 point adjustable pull positions.

○ Fuel can storage
Designed to carry either 1, 2 or 3 x 20ltr Jerry cans. Lockable, twin opening doors.
A Transporters are available in blue, red, grey or black body colour trim and the fuel storage locker can be colour matched to the trailer body.

○ Manual winch + 3 point adjustable pull positions.

● Storage bed locker (front)
Lockable front storage locker, with automatic lift lid.

Internal size: 425mm length, 90mm depth, width dependent on chassis load bed width.

○ Alloy wheels
A Transporters are also available with alloy wheels in standard Silver or diamond-cut Anthracite (Anthracite shown).

● Standard. ○ Optional at extra cost.

Quality

Brian James Trailers are manufacturers of class leading trailers since 1979. When you buy a Brian James Trailer you can be absolutely certain that it is designed and constructed to the highest possible standards. Our engineers combine top-quality craftsmanship with the best materials and first-class presentation. Light but strong, our trailers are crafted to enhance safety, efficiency and durability.

5-year warranty

All of our trailers come with a standard 5-year manufacturer's warranty covering the integrity of the chassis and parts manufactured by Brian James Trailers. A 1-year warranty applies to parts manufactured by 3rd parties.

Our full warranty policy is viewable on www.brianjamestrailers.co.uk or emailed upon request.
