COMMERCIAL TRAILERS

WHY BRIAN JAMES TRAILERS?

SMOOTH RIDE

Designed for long distance and heavy loads, our running gear features rubber torsion axles for stable, effortless towing, low maintenance sealed-for-life bearings and auto-reverse brakes for increased driving safety.

MARKET LEADERS

Our reputation for quality and reliability has made us the go-to manufacturer for the automotive logistics and motorsport industries for over 40 years.

PERSONALISATION

All our trailers are highly configurable with an extensive range of options enabling you to create a trailer that's perfect for you.

STRONG RESIDUAL VALUES

Our reputation for quality has ensured that our trailers have strong residual value. As well as working hard, our trailers hold their value for many years.

HIGHER STANDARDS

There is a high level of standard specification across our commercial ranges, including; spare wheel, locking coupling head and LED lighting.

NO HIDDEN CHARGES

All our trailers come ready for use without the need for additional options and with delivery to your local dealer included in the price.

DEALER SUPPORT

Our dealers are chosen for their high levels of customer service and aftermarket support, which combined with excellent product availability through our network, means you can find a trailer that is right for you.

AVAILABILITY

Good levels of stock available immediately, or the ability to 'make to order' your exact specification with a short lead time.

PRICE PROTECT

Our 'Price Protect' promise guarantees the price at time of order (subject to agreed deposit), even if prices rise before delivery.

5 YEAR WARRANTY

All our trailers come with a 5 year chassis warranty giving you the confidence that they are of the highest quality; the reason why they are chosen by professional users around the world.

CLICK & CLAMP

Auto-adjusting locking posts combined with easy-fit clamp-down sides ensure maximum rigidity and make for the quietest trailers to tow.

CHOICE OF COLOURS

Most of our commercial trailers are configurable in a choice of 5 highly durable body colour panels; Red, Anthracite, Blue, Black and Yellow.

DIGGER PLANT

Designed for mini-diggers and tracked plant machinery, this tough and rugged trailer sets the industry standard for speciality plant trailers.

AT A GLANCE

- A specialist yet high volume trailer designed primarily for the transport of mini-excavators, but can carry other plant machinery.
- Extremely strong chassis design for reliability and low lifetime running costs.
- Standard equipment includes bucket rest, LED lights, heavy-duty jockey wheel, spare wheel and locking hitch.
- Our unique **TracStrap** system is available for easy loading and secure transport.
- Optional equipment includes bucket locker, Chapter 8 chevrons and arm lock.
- Different loading options include adjustable ramps and two full-width tail panels.

CONFIGURE YOUR DIGGER PLANT...

with **TracStrap**

Easy loading and high levels of towing security

with a **bucket locker**

Lockable storage for digger buckets and other attachments

with a **full-width tail panel**

1.5m long with spring assistance suitable for heavy plant

GENERAL PLANT

GENERAL PLANT

5 colours

Spanning the multi-purpose and plant categories, it's the ideal trailer for the transportation of scissor lifts and access platforms as well as dumpers and rollers.

AT A GLANCE

- New chassis and welded mudguards provide optimal rigidity and strength.
- Wide range of bed size options.
- Standard equipment includes LED lights, heavy-duty jockey wheel, spare wheel and locking hitch.
- Front and side extension panels can be easily fitted and removed.
- Tilt-bed with short ramps for ultra-low loading angles available as an option.
- Multiple robust lashing points.
- Configurable in a choice of 5 body colour panels; Red, Anthracite, Blue, Black and Yellow.

CONFIGURE YOUR GENERAL PLANT..

with **TracStrap**

Easy loading and high levels of towing security

with **side extensions**

CONFIGURE YOUR CONNECT...

for transporting loads

with sides that can be easily dropped or removed for fork-lift loading

for commercial use

with lightweight yet robust panels for the transport of bulkier loads

for vehicle transport

with hydraulic tilt-bed, loading ramps and full-width stop bar

ABOUT US

Brian James Trailers designs and manufactures trailers up to 3.5 tonnes gross weight that are built to perform to the highest standards with an emphasis on quality, innovation, service and performance. All our trailers are designed and manufactured at our factory in Daventry, Northamptonshire, in the heart of the UK's motorsport region.

As well as our commercial trailers, we also manufacture an extensive range of open and enclosed car transporter trailers which are market leaders in the UK where we have been building trailers for automotive logistics and motorsport for over 40 years.

Whether it's in our car transporters or commercial trailers, our values shine through, and we pride ourselves on the strength, reliability and aesthetics of our designs. In a word, it is "quality" that we strive for in everything that we do.
